Grad Ceremony – Jun. 24th

Frequently Asked Questions

How many volunteer hours do I need to graduate?

No volunteer log or form is required to graduate. Instead, this is one potential component included within the Career Life Connections 12 (CLC 12) Course OR the Creativity Action Service (CAS) course. Each course has a different outline as to what is required for graduation. If students have any questions about what will work best for them, they can reach out to their CLC or CAS teachers directly for clarifications.

Where can I find out more about volunteer opportunities?

Various volunteer opportunities arise throughout the school year. Opportunities are shared on the TVs, announcements, Careers Instagram, as well as in the monthly Grad Newsletter. Reach out to Mrs. Yvonne Macnab, our career advisor, in room 1152 for more details.

How many credits do I need to graduate and how can I find out how many I have?

Students at RMSS are expected to graduate with a minimum of 84 credits. To find out how many credits a student currently has, sign in to MyEducation BC and look at the transcript page for list of all courses and credits obtained to date.

How do I apply for scholarships?

The Langley School District Scholarship webpage is a great starting point to learn about scholarships, essay writing, and how to keep yourself organized. The Scholarship Handbook can be found here: <https://www.sd35.bc.ca/students-parents/scholarship-information/scholarship-handbook/>

Where can I get help with my academics?

Classroom teachers are a great place to start when wanting some additional assistance in a course. Also, our Learning Support Services team is in room 2008, 2005, and 2001. Their doors are open to assist all learners after school or lunchtime. In addition, a professional tutoring list is available in counselling.
